

No Need To Stress Over
compliance

compliPOINT Assessment Center

- Modify or combine and save checklists in your own library
- Print blank checklists to take away from your computer
- Schedule corrective actions that appear in the calendar
- Assign corrective actions via email

The compliPOINT Assessment Center contains a library of more than 80 checklists to help assess the needs on many different safety topics. The assessment reports includes printing a blank checklist, corrective actions reports, and question reports to let you know where you are on your progress at your locations
