compliance

## compliPOINT Employee Date Tracker

- Track dates associated with your employees
- License expirations, vacations, sick days, etc.
- Set reminders for important dates
- Show dates and times in the activity calendar

*No more forgetting what and where your employees are thanks to the email reminders and the ability to place date sensitive activity events on your activity calendar. This feature prevents dates from slipping through the cracks such as license expirations, days off etc. Selecting the types of absences is easy using your customizable pick list.*

The screenshot displays the compliPOINT web application interface. At the top, the logo 'compliPOINT' is visible. Below it, a navigation menu includes options like Calendar, Training Center, Assessment Center, Injury/Illness Center, Locations, Employees, Help, and Administration. The main content area is titled 'Employee Date Tracker Search Grid' and features a search bar with fields for 'Location', 'First Name', and 'Last Name'. A 'Send To Excel' button is also present. Below the search bar, a table shows search results for 'Gavin ADAMS' at 'San Diego- Corporate Headquarters'. A second window is overlaid on top, titled 'Update Employee Tracker Record' for 'Gavin ADAMS'. This window includes a dropdown for '\*Type' (set to 'Vacation'), 'Start Date' (6/2/2008) and 'Through Date' (6/6/2008) pickers, a checkbox for 'Show this tracker on the activity calendar', and a 'Notes' text area. At the bottom, there is an 'Email Reminder' section with a checkbox for 'Send email reminder:', a 'To:' field, and a 'Send:' field with options for frequency (1), unit (Day(s)), timing (Before), and reference (Start date). Buttons for 'Update Employee Tracker Record' and 'Cancel' are at the bottom.
